Mumbai: The Indian Medical Association (IMA)'s Maharashtra chapter has warned of a strike September 18 if the state government does not withdraw its fresh notification on registration of homeopathic doctors who have completed certificate course in modern pharmacology. Earlier this year, the state government directed the Maharashtra Medical Council (MMC) to register homeopaths who had completed the one-year Certificate Course in Modern Pharmacology (CCMP). allowing such practitioners to prescribe allopathic medicines to patients in select cases.

# PM to visit Manipur today

Addressing a press conference here, the chief secretary asserted that peace is "not only the absence of violence but also the presence of trust, harmony and reconciliation"

**FAIR REPORT** 

Imphal, Sept 12: Prime Minister Narendra Modi is scheduled to embark on a threeday visit from September 13 to Mizoram, Manipur, Assam, West Bengal and Bihar to launch multi-crore infrastructure projects, participate in the birth centenary celebrations of Bharat Ratna Bhupen Hazarika and attend the Combined Commanders' Conference.

Addressing a press conference here, the chief secretary asserted that peace is "not only the absence of violence but also the presence of trust, harmony and reconciliation"

Modi will interact with internally displaced people in Churachandpur and Imphal, and address two rallies during his visit to the state, he said.

In a release, the Prime Minister's Office (PMO) said, "In line with his commitment to inclusive, sustainable and holistic development of Manipur, the PM will lay the foundation stone of multiple development projects worth over ₹7,300 crore

at Churachandpur.' Modi will also inaugurate multiple development projects worth more than ₹1,200 crore at

Imphal, it said.

Reacting to the announcement of Modi's visit, the Congress claimed that the trip, instead of providing a force for peace and harmony, is actually going to be a "farce".

Manipur Congress president Keisham Meghachandra also alleged that Modi's visit to the ethnic violence-hit state is "merely symbolic", and "not aimed at bringing peace and ensuring justice'

During his press conference, Goel said the state government appreciates the efforts of the people of Manipur, both in the hills and valley, for "successfully moving forward to restore peace and normalcy" in Manipur. Manipur has been under the President's Rule since Feb ruary, following the resignation

of Chief Minister N Biren Singh. Goel also said, "Manipur is not just a border state but a central pillar of India's Act East Policy and gateway to South East Asia, proud guardian of India's diversity.

According to officials, nearly 57000 internally displaced persons are staving in around 250 relief centres in the state till June this year. In the beginning (2023), there were more than 62000 IDPs, but many have returned to their homes after the law and order situation improved, former chief secretary PK Singh said in July this year. "Giving details of Modi's

Manipur visit, Goel said,"on his arrival in Churachandpur around 12.15 pm, he will first interact with some IDPs (internally displaced persons) in the district.

He will lay the foundation stones for various infrastructure projects to be taken up throughout the state. The PM will address a public gathering at Peace Ground in Churachandpur.

Thereafter, he will arrive at Kangla around 2.30 pm and first interact with some IDPs, and he will inaugurate various devel opmental projects.

The PM will address a public gathering at Kangla, Goel said. Among the projects, the PM will inaugurate the new Manipur Police headquarters built at a cost of ₹101 crore at Mantripukhri in Imphal and a civil secretariat constructed at a cost of ₹538 crore in the same locality.

From Churachandpur, Modi will lay the foundation stone for various projects, including the drainage and asset management improvement project worth ₹3,647 crore and the Manipur Infotech Development (MIND) project at ₹550 crore.

Though Modi's visit was officially announced only on Friday, the trip was talked about for nearly two weeks and the Manipur government had on Thursday evening put up a large billboard, announcing the PM's programmes at Churachandpur's Peace Ground and Kangla Fort in Imphal Saturday. The state government Thursday also issued an advisory, asking the public attending the "VVIP programme" in Peace Ground not to bring "key, pen, water bottle, bag, handkerchief, umbrella, lighter, match box, piece of cloth, any sharp objects or arms and ammunition". Another notification that did not mention the Prime Minister's name asked people to avoid bringing children below 12 years and sick persons to the venue. The Manipur government had earlier banned air guns in Churachandpur district in view of Modi's visit.

**FAIR REPORT** 

New Delhi, Sept 12: The Supreme Court Friday ordered the disbursal of ₹5,000 crore of over ₹24,000 crore deposited by Sahara Group with market regulator Securities and Exchange Board of India to repay dues of the depositors of the Sahara

 $Group\ of\ Cooperative\ Societies.$ A bench of Justices Surya Kant and Joymalya Bagchi allowed an application filed by the Centre seeking allocation of the amount lying in the SE-BI-SAHARA refund account for payment to the depositors.

The top court also extended the date from December 31, 2025 to December 31, 2026 for disbursal of ₹5,000 crore to the depositors allocated The bench said the order was

in line with the March 29, 2023 order where a similar application of the Centre was allowed for allocation of ₹5,000 crore to repay dues of the depositors of the Sahara Group of Cooperative Societies.

The amount of ₹5,000 crore

was directed to be transferred from the SEBI-Sahara Refund Account to the Central Registrar of Cooperative Societies, which was asked to disburse it to genuine depositors

upon scrutiny.

The bench said the transfer of the amount should be done within a week under the supervision of former Supreme Court judge R Subhash Reddy and in the manner as outlined in the court's March, 2023 order. The Centre has filed an application in a PIL filed by one Pinak Pani Mohanty, who sought a direction to pay the amount to the depositors who invested in several chit fund companies and Sahara credit firms.

Ayodhya (UP), Sept 12: Mauritius Prime Minister Navinchandra Ramgoolam Friday offered prayers at the Ram

temple here. Ramgoolam along with his wife Veena Ramgoolam also reviewed the temple construction work and received updates on its progress, officials said.

A 30-member delegation of Mauritius officials accompanied him. Earlier, on his arrival here, he was welcomed by Chief Minister Yogi Adityanath. A red carpet was laid out for the Mauritius Prime Minister who was received with Vedic chants, 'kalash aarti', flower showers and the rhythmic sounds of drums. nagadas and the 'shankh'

The route leading to the Ram temple from the airport was decorated to welcome the Mauritius PM.

Posters and banners welcoming him were also put up across the route. According to a press statement, Ramgoolam spent about half-an-hour in the temple complex and also saw its construction work. Chief Minister Adityanath said that the visit of Ramgoolam is a symbol of cultural unity between India and Mauritius.

A special short film on the construction of the Ram Mandir was presented to Ramgoolam and his delegation by the Tata Group at the temple premises. Later, Adityanath honoured the visiting leader by presenting him with a scale model of the temple. He presented Veena Ramgoolam with an angavastra. UP minister Surya Pratap Shahi, who along with Adityanath welcomed Ramgoolam, said, "A large number of people from Uttar Pradesh and Bihar went to Mauritius during the British rule and are in the mainstream there. They have kept the cultural identity of India alive there. We welcome the Prime Minister of Mauritius to Ayodhya." Ramgoolam had earlier in

# ISRAELI STRIKES EXPOSE GULF STATES' VULNERABILITY

**Asif Ullah** Khan

FAIR REPORT

he Israeli strike on Hamas leadership in Qatar has shattered assumptions about the safety of Arab states, especially the Gulf monarchies, in the face of Prime Minister Benjamin Netanyahu's aggressive policies. For years, leaders in the region believed that diplomatic normalization with Israel, combined with billions of dollars funneled into Washington's coffers—and even extravagant

gestures like Qatar's gift of a luxury plane to Donald Trump—would buy them security. This week proved

otherwise.

Netanyahu has delivered a blunt message: Arab openly back Palestine.

states that show sympathy for the Palestinian cause will pay a price. He makes no distinction between countries that are "friendly" to Israel and those that Doha has now learned that even alliances with Washington, and even hosting CENTCOM's regional headquarters, offer no shield against Israeli fire-

The attack on Qatar is more than just another strike in a long and bloody conflict. It represents a turning point for the Gulf. The notion that proximity to the United States or dipsulate monarchies from regional upheaval has collapsed. Netanyahu has redrawn the rules of the game—and the Gulf states are now left to question whether they are players or targets.

The Gulf monarchies, defying widespread public support for the Palestinian cause, believed that securing peace with Israel would counter threats from Iran. However, Netanyahu has signaled that even they are not immune to attack.

David Mednicoff, Associate Professor of Middle Eastern Studies and Public Policy at UMass Amherst, says: "All this is more true in the immediate aftermath of Israel's attack in Qatar—the first time Israel has launched a direct strike within a Gulf Arab state. That action, even if ostensibly directed at Hamas, is likely to exac-

lomatic ties with Israel in- erbate tensions not only with Qatar but also place increasing stress on the calculus allied Gulf Arab countries make in their dealings with Israel."

The threat from a weak-

ened Iran may have lessened, but Israel's recent aggressiveness has heightened security concerns across the Gulf states. Those Gulf countries that established diplomatic ties with Israel under the Abraham Accords now find themselves caught between a rock and a hard place. Their silence on the ongoing genocide in Gaza has drawn criticism and diminished their standing in the Muslim world, while at the same time, the looming threat of Israeli strikes has become a stark reality.

The U.S. reaction has been notably ambiguous. White House Press Secretary Karoline Leavitt stat-"unilaterally

bombing inside Qatar, a sovereign nation and close ally of the United States that is working very hard and bravely taking risks with us to broker peace, does not advance Israel or America's goals." This lukewarm response raises doubts about historical U.S. security guarantees for its Gulf Arab allies.

The perception of the U.S. as a reliable protector of Gulf states has been eroding for years. Now, the region is confronting a harsh reality: no matter how much money they invest in Washington or how lavishly they court U.S. leaders, when it comes to Israel, they cannot count on American protection. The recent Israeli strikes were about more than Hamas—they were a stark demonstration of Israel's growing dominance and influence

### TRUMP'S POLITICAL LEGACY: RESHAPING AMERICA'S POLITICS AND DIVIDING A NATION

Few political figures in modern U.S. history have reshaped the nation's politics as profoundly as Donald Trump. From his 2016 election victory to his ongoing influence over the Republican Party, Trump has redefined the boundaries of American political debate. His presidency marked a shift toward populist nationalism, with a focus on renegotiating trade deals, reshoring industries, and reshaping foreign policy. Supporters hail him as a champion of working-class Americans and a leader who challenged political elites. Yet, Trump's career has also deepened divisions in U.S. society. His rhetoric and policies fueled intense partisanship, while his refusal to accept the 2020 election outcome tested the resilience of American democracy. Internationally, his "America First" stance altered long-standing alliances and commitments. As the 2024 and 2028 political cycles unfold, Trump's influence remains central. Whether seen as a reformer or a disruptor, his political career continues to shape the trajectory of American democracy.

cost over \$6 trillion, straining public finances. Inflation Pressure: Supply chain disruptions and higher energy prices often drive up inflation, as seen during the Russia-Ukraine conflict.

Global Trade Disruptions: Dependence on global supply chains makes U.S. industries vulnerable to shortages and higher production costs. Market Volatility: Wars trigger instability in stock markets and often strengthen the dollar, hurting American exporters. Social & Human Costs: Veterans healthcare and reintegration add long-term eco-

nomic and social responsibilities. Cybersecurity Risks: U.S. financial systems, infrastructure, and energy grids face rising threats of cyberattacks during conflicts.

### **Overall Trend**

Experts suggest that while wars may temporarily stimulate growth through defense and energy sectors, the long-term trajectory is negative, marked by mounting debt, higher inflation, and global instability. Unlike the post-World War II boom, modern conflicts are increasingly seen as economic liabilities for the United States. Here's a clear breakdown of how wars and global conflicts impact American students and youth in terms of jobs and career opportunities:

# शर्मा इलेक्ट्रिक एंड हार्डवेयर में लाखों की चोरी, नगदी और इलेक्ट्रॉनिक सामान ले उड़े चोर

FAIR REPORT। जयपुर

संवाददाता दिनेश प्रजापत के अनुसार प्रताप नगर स्थित इंडिया गेट टोल टैक्स के पास शर्मा इलेक्ट्रिक एंड हार्डवेयर दुकान में बीती रात अज्ञात चोरों ने बड़ी चोरी की वारदात को अंजाम देते हुए लगभग पांच लाख रुपये मूल्य के सामान और नगदी पर हाथ साफ कर दिया। दुकान संचालक कुलदीप

शर्मा, निवासी ग्राम विधानी, ने बताया कि चोर सीढ़ियों पर लगे लोहे के गेट को काटकर अंदर घुसे और दुकान से नगद राशि सहित वायरिंग का तार, मिक्सी, हेड ग्राइंडर, पानी मोटर, इंटेंशन व अन्य इलेक्ट्रॉनिक सामान चोरी कर ले गए।

पीड़ित दुकानदार ने बताया कि वह रोज की तरह देर शाम दुकान बंद कर घर लौट गए

थे। सुबह जब दुकान पहुंचे, तो देखा कि दुकान का सामान बिखरा पड़ा था और सीढ़ियों का गेट कटा हुआ था। घटना की सूचना तुरंत प्रताप नगर थाना पुलिस को दी गई।

मौके पर पहुंचे थानाधिकारी मनोज बोरवाल ने बताया कि चोरी की सूचना मिलते ही पुलिस टीम ने मौके का मुआयना किया और पीड़ित से घटना की

पूरी जानकारी ली है। मामले की गंभीरता से जांच की जा रही है, आस-पास के सीसीटीवी फुटेज खंगाले जा रहे हैं, और अज्ञात चोरों की तलाश की जा रही है।

इस चोरी की घटना से स्थानीय व्यापारियों में चिंता और आक्रोश है। उन्होंने रात्रि गश्त बढ़ाने और संदिग्ध गतिविधियों पर नजर रखने की मांग की है।

#### **Chittorgarh - Fake Liquor Bust:**

# **Huge Stock** Seized in Police-**Backed Operation**

**FAIR REPORT** 

**Chittorgarh** The Excise

Department carried out a major operation against a gang involved in the production and sale of counterfeit liquor in the district. The action was conducted under the directives of the Excise Commissioner and the Chittorgarh Collector, led by District Excise Officer Gajendra Singh Rajpurohit. He was assisted by Assistant Excise Officer Jagdish Ram Bishnoi, Nimbahera Excise Enforcement Officer Hemraj Jat, and Shravan Lal Meena. The team, in collaboration with the police, raided the hilly forest areas between Paroli and Borda villages, where a large cache of materials used for manufacturing

fake liquor was found.

During the raid, officials recovered approximately 6,600 empty bottles (180 ml), around 25,750 fake caps branded as County Club, Whiteless Vodka, and Rana Desi, 96 small filled bottles, and 410 cartons used for packaging. Additionally, 8,270 fake holograms and 24,988 counterfeit labels were

seized. The team also confiscated chemicals and ma-

glycerin, colored liquids, food coloring, alcohol meters, seals, and stamp pads, all intended to make the counterfeit liguor appear authentic.

#### **Link to Previous Case**

Authorities stated that this operation is connected to an earlier fake liquor case, in which five individuals were already arrested. The investigation is ongoing to determine if the same people are involved in this new case. All seized items have been sealed, and further investigation is underway.

#### **Fake Liquor Supply Across States**

The probe revealed that the counterfeit liquor was being supplied to different parts of Rajasthan and Gujarat. Several contractors selling discounted liquor in the market are also under suspicion. Officials believe that this gang has been operating for a long time, posing serious health risks to consumers.

### **Public Advisory**

District Excise Officer Gajendra Singh Rajpurohit warned that consuming counterfeit liquor can be life-threatening. He urged the public to avoid buying heavily discounted or suspiciously cheap terials used in produc- liquor, as it could be fake tion, including essence, and hazardous to health.

Sushil Pal **FAIR REPORT** 

**Ajmer:** Tears, grief, and pride marked the farewell of Air Force jawan Pulkit (26), who died in a tragic incident at Hasimara Air Force Station in West Bengal. His last rites were performed in Aimer on Friday with full military honours.

Pulkit's mortal remains reached Ajmer on Friday morning. Draped in the Tricolour, the coffin was received with respect by ex-servicemen. After final viewing at his ancestral home in Ram Nagar, the funeral procession passed through city streets, where locals paid solemn tributes.

According to his father. Rajendra Prasad, an LIC officer, Pulkit was shot on the evening of September 9. The circumstances of the incident are under investigation. "We are still waiting for clarity, but we are proud of him. For Pulkit, wearing the uniform was the greatest honour," his father said with tears in his eyes.

# **A Dream Fulfilled**

Pulkit, the only son of the family, grew up in Kotda, Ajmer. A bright student, he completed his B.Tech before joining the Indian Air relatives, neighbours, and Force in 2018. His first post-

ing was in Bengaluru. Later, he was stationed in Ferozepur, Punjab, where he served during Opera-

Ajmer Correspondent

**Ajmer:** The Ajmer Development Authority (ADA) on Friday began demolishing the "Seven Wonders" replicas constructed in the Anasagar Wetland area, following directions from the Supreme Court.

The replicas, built in 2022 under the Smart City Project at a cost of around 12 crore and inaugurated by then Chief Minister Ashok Gehlot, were declared ille-

gal encroachments. Six

months ago, the Court had ordered their removal, but until now, only one structure had been razed. With tenders invited for the remaining work, demolition is now underway and is expected to be completed by September 17, according to a district administration affidavit.

disturbing case in Chittorgarh—where a 3.5-month-old infant was rescued and her father swiftly detained—reminds us both of society's darkest possibilities and of the

power of decisive action. Fair Report broke the story promptly, healthcare staff acted without delay, and the Chittorgarh Police moved with remarkable speed. Together they safeguarded the child and preserved critical evidence.

This collaboration offers a glimpse of how the next step in public safety could unfold when journalism, law enforcement, and technology join forces.

#### **Early Signals** through Al

Artificial Intelligence can scan emergency calls, hospital admission data, and online spaces for unusual patternssuch as repeated reports of domestic violence or sudden spikes in childinjury admissions. Properly governed, these systems can send real-time alerts to police before a tragedy escalates

### **Data with Dignity**

Chittorgarh Police already demonstrated transparency and sensitivity in this case. By combining their onground expertise with AI analytics-while upholding strict privacy laws and independent audits-they can target resources where they are truly needed, not where old biases linger.

### **Strengthening the Police-Press Partnership**

Credible outlets like Fair Report provide the public with verified information and act as watchdogs. If integrated into a secure AI platform, verified journalistic feeds could help detect regional crime trends faster while ensuring that only fact-checked reports guide any response.

# **Moving from Reaction** to Prevention

The rescue of one infant shows what swift, human judgment can achieve. Adding AI's pattern-recognition power and the press's vigilance turns that success into a model for prevention. Imagine a future where potential abuse is flagged early, officers arrive in time, and journalists amplify both warnings and best practices. The Chittorgarh case proves that when technology supports human integrity, and when police and media stand united, crime prevention is not just a dream but a shared responsibility. Let this tragedy spur us toward that cooperative, intelligent vigilance—so that more children grow up safe, and more communities stay whole.
